Are you ready for this?

Things can improve much more quickly than you imagine! You don’t have to settle for the slow path.
Stargates hold tremendous promise. Stargates open you up to seeing your Future Reality, making it easy to figure out exactly where you want to go in life and showing you the quickest path to get there. In short, using a Stargate helps you get from Point A to Point B faster than anyone you know.

For me, the calling of the Stargate came from deep within my bones. I needed to make the journey and open myself up to the unexpected. I crossed fiery bridges to reach the most remote regions of Peru. There, I saw things never before imagined. The Secrets of the Stargate changed the course of my life—and in this book, I want to give you the opportunity to access the same ancient power.

When I embarked on my journey to Peru, my financial future was bleak. I had taken on nearly a million dollars in debt to develop products and services to help people around the world unlock their potential. Despite the success in product creation, my company was barely making $50,000 a year in revenue… and much of that income came from me selling my time, hour-by-hour, doing private consulting!

The investor funds were gone. And no matter how good the products were, I didn’t have the network or audience to really scale my business. I felt alone. I worked constantly, but not enough money was coming in.

The Stargate turned it all around. Within nine months of visiting the Stargate and discovering its Secrets, I doubled my business’s revenue to over $100,000. And I did that selling a digital product that didn’t devour my time!

This freed me up for the next stage, because things didn’t stop there – following the guidance I received through the Stargate, I launched a new product to an audience of hundreds of thousands of people. Within 18 months of my trip to the Stargate, my company had generated over $700,000 in revenue.

It took work. But the Secrets I learned at the Stargate showed me what work I needed to be doing. In this book, I will tell you more about what I saw at the Stargate in Peru. But I don’t want to talk a lot about myself. Why?

I am writing this book for you. You have phenomenal potential. If there’s one thing I have learned in life, it is that YOU matter, and I want you to be able to get the guidance you need to have a breakthrough, too.

So now, years after my trip to the Peruvian Stargate, I have finally put together this book along with video training... all to help YOU achieve your dreams and 10x your performance in life, just like I did!

The First Secret: Attaining massive success is possible.

You can actually live your dreams, and you don’t have to work so hard that it kills you! I worked myself to the bone, toiling late into the night, for little to no gain. That sort of mindset is OLD-school thinking, rooted in a thousand years of genetic memory. In the 21st century, that approach to success is as outdated as using two rocks to start a fire. Instead, I’m going to show you how to get the lighter fluid and matches.

Now, I know this may sound familiar. There are hundreds, if not thousands, of books promising to show you a ‘magic trick’ for turning your dreams into reality. But this is different. This is far more than mindset. The Secrets of the Stargate utilize a scientific fact discovered by Einstein and developed further by confidential experiments run by the U.S. Government through Stanford Research Institute.

I was dubious at first, but the more I did my research and tied it all together, I came to realize one thing: The ancient people who built the Stargate had stumbled onto one of the most powerful, life-changing abilities known to mankind.

Are you ready?

Because I’m about to reveal exactly what a Stargate is and what I saw there. This knowledge will change your life.

What is a Stargate?

Life is a series of doors. The trick is knowing which one leads to the destination you desire.
Let’s start with a little backstory . . .

Stargates have appeared in many forms throughout human history. There are ancient Stargates, utilized by once-great civilizations. There are Stargates depicted in pop culture and science fiction. And then there is the scientific meaning of a Stargate. You will find that the different types of Stargates share one thing in common: They’re all about helping people get from Point A to Point B more quickly and easily.

A little about the ancient Stargates:

Across the globe, many ancient civilizations created massive structures known as 'Stargates'. These structures were built on ley lines, in places of energetic power. The prevailing theory is that religious mystics identified these potential Stargates, then powerful rulers spent decades building structures to access the wormholes – wormholes that they believed allowed them to communicate with their gods. After the Stargate was built, religious leaders performed rituals and gained powerful knowledge that helped their civilization thrive, despite the primitive technology of the times and constant threats from nature and mankind.

The most commonly known Stargates are the Gate of the Gods (Puerta de Hayu Marca) and the Gate of the Sun in South America, as well as Silathorananam in India. Other possible Stargates include Stonehenge, the Great Pyramid of Giza, and the Sedona Vortexes.

Later in this book, you’ll learn far more about ancient Stargates, especially the Gate of the Gods! And more importantly, you will learn how you can utilize a technique that gives you access to the powerful phenomenon of ‘wormholes’ that these ancient civilizations sought to master.

When you see it, it will change everything. Doors will open. Your future will be brighter than ever before.
My own journey to Peru culminated in a spiritually charged experience at The Gate of the Gods, a portal carved into a large, natural rock face. This amazing Stargate is located in the Hayu Marca mountain region of southern Peru at about 13,130 feet in elevation.

The journey there had been harrowing. The Pan-American highway had been shut down due to a sudden riot. The bridges were literally on fire.

Our car could go no further. We walked until we found someone with a dirt bike to take us through the rough backcountry. As we neared the rock outcropping that secreted the Gate of the Gods, he refused to go further, and we headed out on foot.
A dark thunderhead loomed on the horizon—and shortly behind that, nightfall. My guide feared the arrival of the 'spirits of the gate', ancient beings of great power from another dimension.

As I approached the Hayu Marca, I offered the ancient ritual gift of dried coca leaves. I set them on the ground and felt a strange 'POP'... something akin to what I had felt during my first, and most intense, near-death experience. Warm light radiated in the air... I thought I must be imagining things.

From a distance, my guide watched. He snapped this photo with my camera. He had seen something shimmer in the air – he took the photo – put down the camera and ran away. He believed the spirits were coming.

I approached the portal and was guided to sit in the ancient doorway with my back leaned against the stone. Seconds later, I was in a deep trance.
I came in contact with a powerful energy. I cannot describe, fully, through written words, what occurred at that moment. It changed my life forever. It gave me messages about my own life purpose. I discovered the powerful secret of 'epigenetics', which has since shaped my life’s work.

When I returned from the trance, I had forgotten all about the chaos of the world around me. For a moment, I had been suspended in a timeless reality – gaining wisdom, insight, and a vision that would profoundly alter both my life and the lives of thousands of my students.

The Peruvian Stargate resides in a mysterious landscape long revered by natives.

Legend holds that this Stargate is a 'gateway to the land of the gods.' Although the area surrounding Hayu Marca is known as the City of the Gods, few other man-made structures exist. The terrain is packed with stone formations that resemble buildings, people, and animals.
It was said that ancient heroes would journey to the Hayu Marca after their final adventure to pass through the portal. These heroes would then return through the Stargate to check on the people of the surrounding land. It’s believed that these heroes were messengers from another time – and another space – traveling through a wormhole accessed through the Hayu Marca.

The few visitors who manage the arduous trek to the remote region of southern Peru experience sensations of great energy passing through their bodies. Some have had strange visions like stars and even heard 'extraordinary music.'

In the time of the Conquistadors, an Incan priest named Amaru Meru of the Temple of Seven Rays fled from the Spaniards. He took a sacred golden disk and traveled to the Hayu Marca. He showed the shaman guardians of the Gate his key, and together they performed a ritual. According to the legend, a blue light emanated from a tunnel inside the stone gate. Amaru Meru handed the golden disk to a shaman and passed through the portal, never to be seen again.

Archaeologists have observed a small, hand-sized circular depression on the right-hand side of the entryway and have theorized that this is where the disk was placed.

When I visited this Stargate, I felt a profound inner shift – something that stays with me even today. For an instant, I could see many future possibilities – many outcomes to my life and the lives of those around me. I received three Secrets that changed the course of my business and personal life for years to come – resulting in 15x success financially (not to mention getting in shape, making new friends, and building an incredible network of professional support!).

As I left the Stargate, it was obvious that I needed to reconnect with this inspired state. But there was nothing out there to help me do it, and I couldn’t keep coming back to Peru! I had the vision to accelerate my progress from Point A to Point B in certain goals, but how would I get the next insight necessary to solve the next set of challenges?

Luckily, the Stargate held the answer for me. The final secret has turned out to be the most important. It showed me how to develop this skill and then turn it into something YOU could use, which became my life mission.

Once you unlock the power of the Stargate, you will be capable of exponential improvement in your life. You can take the shortcut to your desired future, multiply your effectiveness, hit all-time highs and shatter old records. It is hard to imagine the results you can achieve when you unlock this power.

By using the Secrets of the Stargate, you can 10x your performance. For me, that was financial. My business went from generating $50,000 to $750,000 in gross revenue in less than 24 months.

Let’s say you wanted to make more money. How much money flows to you right now, every month? Let’s say, for the sake of our thought experiment, you receive $1,000 per month.

Instead of $1,000…

You could be getting $10,000…

Of course, results vary from person to person. You do have to take action on the insights you gain.

And here’s the truth (this is what the first secret taught me): Trying harder is not the answer. There is another path that you just aren't currently seeing!

Now it’s time for you to learn about the scientific nature of this ancient power.

Let me introduce you to wormholes…

The Second Secret

The time it takes for you to get from Point A to Point B can be folded in half…
The Second Secret: Within your body is a secret code of hidden potential.

But we inherited the story of our ancestors – the story of struggle, toil, and war.

For many of us, the tragic story of our ancestors overshadows the light of human potential we have sitting in our bodies – right this very second. This second secret was revealed to me in a mystical experience at the Stargate. Later, it became confirmed by an emerging discipline of science called epigenetics.

Your ancestors have passed down their trauma to you. The effects of this inherited trauma are numerous, including limited perspectives on what’s possible for you, compromised health, psychological problems, poor weight control, and even problems related to money and financial struggles. What they gave you in your epigenetics also controls a lot of how you behave in moments of opportunity and what opportunities you see. I teach far more about this in the Jumpstart Your Wealth Gene introductory course.

For now, all we need to focus on is this Second Secret.

YOU have incredible potential. Perhaps you have a great idea for an invention that could change the world for the better. Maybe, you want to write a book and watch it take off! Or perhaps you’re

Watch the free training to find out more.
like many of the people I talk to, and you just want to make more money and have enough time to spend with your friends and family, relaxing in your favorite parts of the world.

The path to get to that life is here. Right now, you are at Point A. Point B is your goal. Point B could be paying off your credit cards, buying a house, or something as grand as developing an application of VR that allows doctors around the world to pilot robots to help save lives in impoverished countries. What we are going to focus on in this chapter is exactly how a Stargate can help you get from Point A to Point B in less time than you can imagine (for me, it was 10x faster).

Before you learn how a Stargate can help you, let me share a few case studies:

*Liz came to the program because she was burned out at work. She felt uninspired and passionless. Her energy levels were low, and her weight was steadily increasing. TV was how she coped. Liz knew she wanted to feel excited about life again. She knew if she didn’t do something, she’d get sick.*

*Liz used a Stargate experience to connect with a Future Self that was on a thrilling adventure in Europe. As she saw the world through the eyes of that future self, hiking in the Alps, she said she could feel the excitement down into her bones. She didn’t notice anything else that*

[Watch the free training to find out more.](#)
first day... but after a good night of rest, Liz suddenly had a rekindled desire to exercise and get fit. She immediately signed up to the gym. Then, she used the Stargate Solution to maintain contact with that Future Self, lose a significant amount of weight, and dramatically improve her fitness. She said, “It was the easiest thing in the world once I saw how much fun I could be having in the future.” She’s planning her trip to the Swiss Alps, right now!

And then there’s Carmela. She was feeling lonely after her kids left for college. She divorced years ago. She hoped she would find someone, but no amount of online dating was working! When Carmela dialed in her Stargate, she connected instantly with her Future Self who was dancing, smiling, and having fun with a great partner. This wormhole connection flipped a switch inside Carmella. The next week, she started taking Latin dance classes... taking action on her dreams after 30 years! She feels alive again, and she’s having fun. Now, when she meets her ideal partner, she’ll be ready to dance into the starlight!

Here’s one more powerful and practical example of how the Stargate Solution has made a huge difference in someone’s life. Robert was in his mid-fifties but he didn’t have any retirement savings. He made good money, but he prioritized other things, like
putting his kids through college and taking care of his aging dad, over a retirement account. Suddenly, he was faced with a bleak reality. He wanted to retire in his sixties but didn’t have the money. Robert used the wormholing technique in the Stargate Solution to connect with a Future Self that was able to retire in five years. He was surprised to find that this future version of himself had created a successful online business. This guidance caused him to pivot his career path so that he could make exponentially more income. Robert is doing great and is now on track to retire! His focus is where it needs to be, and he stays on track by maintaining a meaningful and authentic connection with the Future Self that is guiding him there.

These types of radical improvements are possible for you, too!

You don’t have to settle for things as they are now. They can change. Dramatically. You can have a breakthrough experience... once you know how to open a wormhole to your desired future using the Stargate Solution.

Now, without further ado... what did athletes at Stanford do in order to get from Point A (losing tournaments) to Point B (winning medals) without training longer hours? How did I multiply my business revenue by a factor of 15 within two years? And how is this related to the ancient portals known as Stargates?

The answer to all of these questions is simple.

Let me tell you about the phenomenon known as 'Wormholes.'

**The Short Explanation:**

Stargates are the openings to wormholes. Wormholes are bridges that connect different places or points in time.

**The Scientific Explanation:**

Wormholes were first discovered by Einstein and physicist Nathan Rosen. Einstein called them “bridges” and demonstrated that they could connect two different points in space-time, creating a shortcut that could reduce travel time both in the spatial plane (space) and temporal plane (time).

To better understand wormholes, and thus Stargates, it’s important to understand the significance of the term “the space-time continuum.”

(I promise not to get too sciencey here…)

There are multiple dimensions to our universe. The most tangible of these dimensions is the 3D world you exist in right now. Classical physics describes three physical dimensions as the basic directions in which we can move: up/down, left/right, and forward/backward. In these spatial dimensions, you experience your body, the floor beneath you, the food you eat, the distance...
between your home and work – these are all in the spatial dimension.

Overlapping the spatial dimension is the fourth dimension: time. At any given moment, your consciousness exists in both space and time. You are moving through space and time. But time is not as simple as a line going from Day 1 to Day 2. It is capable of bending… and through the use of Stargates, you can 'bend' time to improve your life significantly in 1/10th the time it takes most people.

Wormholes work by connecting two different points in the space-time continuum. They allow for quicker travel from one destination to another. If this sounds far-fetched… just remember – Einstein proved this!

This picture demonstrates how a wormhole can 'fold' the fabric of reality and put two different locations closer together.

Pop culture offers really fun interpretations of the science

behind Stargates. The TV show Stargate SG1, for example, depicts teams of people traveling through a Stargate in order to explore other planets.

Stargates, as well as travel through wormholes, have been depicted in many other science fiction stories as well, such as Dune, Contact, and even Star Wars!

Clearly, these Hollywood versions are enhanced with special effects and sci-fi. However, the power of a Stargate utilized properly is truly awesome!

And what’s even more amazing is that you can learn how to 'wormhole' using the Stargate Solution, so that you can more quickly get to where you want to go and start enjoying life now!

A confidential CIA experiment unlocked the power of wormholes to access non-local reality, enabling ANY of their test subjects to 'remote view,' a process where a person sat in one room and could see what was in another room.

Meet Your New Best Friend

Want someone to show you how to get to Point B as quickly as possible? Meet your Future Self.
So… what can a wormhole do for you? Could you suddenly teleport to work – skipping the traffic? Certainly, cutting out a two-hour commute would improve your overall efficiency in life. But even removing your daily commute pales in comparison to the way that you can leap from where you are today to where you want your life to be once you have unlocked the Stargate Solution.

One of the most useful ways to use a wormhole is to receive information and visions of the possibilities for your future.

*Fact: Your future is not linear – meaning it isn’t set in stone.*

Instead, you have many possible outcomes for your future, and the likelihood of one of those manifesting is based on the actions you take today. By connecting to your Future Self through a wormhole, it will become clear, and very easy, for you to take the actions which will not only help you achieve your ideal future, but actually shorten the amount of time it takes for it to come to fruition.

While humans haven’t quite figured out how to use wormholes for spatial relocation (teleportation), we have known, for thousands of years, how to utilize wormholes for the benefit of individuals, and society at large, using these ancient devices known as Stargates.

Think about it like this. You are at point A. Point B is where you want to be a year from now.

Point B is more than just 365 days later. It includes all of the hopes, dreams, and aspirations you have for the life you want to be living in that future point.

Perhaps you want to have an extra $10,000 in your bank account? Or maybe own a home? Would you like to wake up at Point B with complete mastery over yourself – meaning you could be more efficient, more productive, and more capable of learning valuable skills and following through on your goals?

In order to get from Point A to Point B, you have to wait. Normally, you will travel there at one second per second. The seconds build to minutes, which lead to hours... hours roll into days and days blend into weeks.

In each of those “points in time,” you have the possibility to take the actions that will get you closer to realizing the success you crave. Getting that job that pays you well – and is meaningful. Forming a fulfilling, passionate relationship. Earning extra money without feeling like you’re working.

Science has shown that you can use wormholes to get from Point A to Point B more quickly. Meaning that the realization of your goals can happen much sooner than 365 days from now.

If you have the proper guidance, training, and support, you can learn how to access these wormholes to benefit from the power that the ancient cultures of the world wanted to harness.

The good news is that you don’t have to travel all the way to Peru to make this work for you.

What This Can Do for YOU

Would you rather spend 10 days making $100 dollars, or one day making $1,000?
Beyond the fascinating history and mythology of the Hayu Marca, many of the visions I had there have come true. Note: Sometimes, I have had to take action to achieve those goals – but other times, life has magically manifested things… dropping them right into my lap.

Since then, I’ve used the third Secret of the Stargate to re-enter the wormhole and reach Point B faster than I could imagine. Think about your future as a river that splits into many forks. Every month, you reach another threshold of splitting streams. As the river runs on, it is necessary for you to use the Stargate Solution again so you can fold time by taking the fastest possible path to get to your dream Point B.

Much of this happens through getting in touch with your Future Self.

The benefit of getting in touch with your Future Self using a wormhole has been proven by science. It allows you to:

1) Create a clear idea of what you really want in life so you know what you need to do today

2) Know which opportunities to take so you don’t slip down the stream of rocks and winding water

3) Increase your daily motivation

4) Exercise more

5) Save more money

6) Become more prosperous as you step into your passion-play

7) Attract new possibilities beyond anything you can imagine in the here and now

And it’s so much better than doing life the old way. The old way is linear and incremental – a real slog.

With the Stargate Solution, exponential and positive change can happen in leaps and bounds, because you are working life at the quantum level.

Are you someone who wants to improve your life – make more money – evolve – and change the world around you?

It took me a long time to discover how to use Stargates. It all began with my trip to Peru. But what I discovered is that there is a way for anyone – anywhere – no matter your education or experience, to wormhole towards the future and manifest their best possible reality… quickly and easily. You, too, can make use of this awesome power… and you don’t have to travel to Peru.

Want to know how to turn on your own, personal Stargate?

Do you want to set a goal – like $10,000 (or $100,000) in savings – and step quickly into that success, rather than struggling, day after day, to work slowly and painfully towards the goal?

If you are someone with goals, dreams, or a vision for your future – the Stargate Solution is a vital tool to add to your kit.

And… turning your Stargate on is a skill which is easy to learn and quick to master.
